To whom IT May Concern:  
The above patient is under  
my care with no diagnosis  
of Obstructive sleep  
apnea syndrome (Severe)  
and COPD.

The patient's current  
medications include:

Advair 500/100 BID  
Spiriva 10 BID  
Proventil PRN

The patient needs to  
use electrical device  
CPAP @ 10 cm H<sub>2</sub>O every  
night.
